# Zoom Cloud Recordings Overview

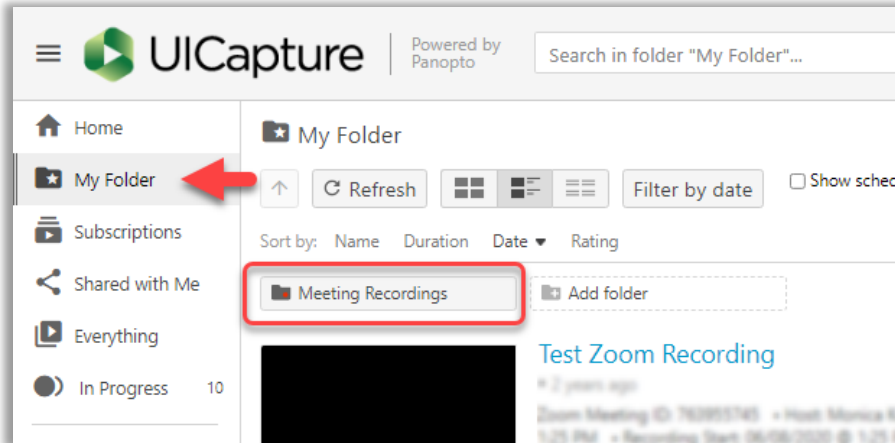

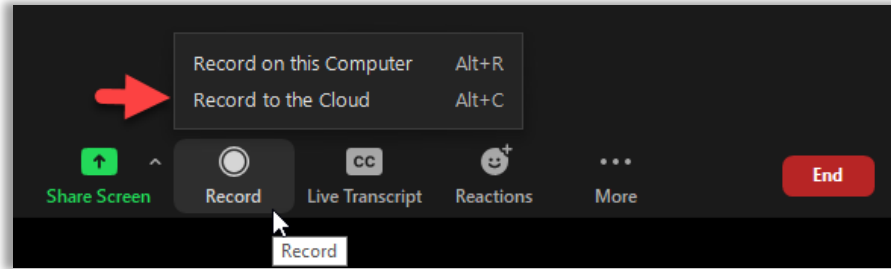

Zoom meetings can be [recorded](#) to the cloud and shared using UICapture, the University's media streaming platform. To use this feature, you must:

- verify your access to [UICapture](#)
- schedule the Zoom meeting using your [University Zoom account](#)
- be logged in on the Zoom app with your HawkID and password to launch the meeting

**Tip:** if you have not recorded Zoom meetings to the cloud (UICapture) before, please record a test meeting session to the cloud to make sure everything works properly before recording your assignment.

# Record in Zoom to UICapture Cloud

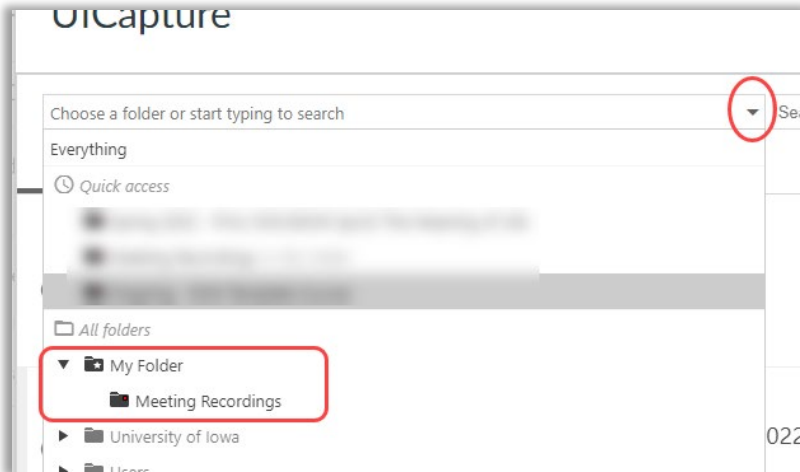

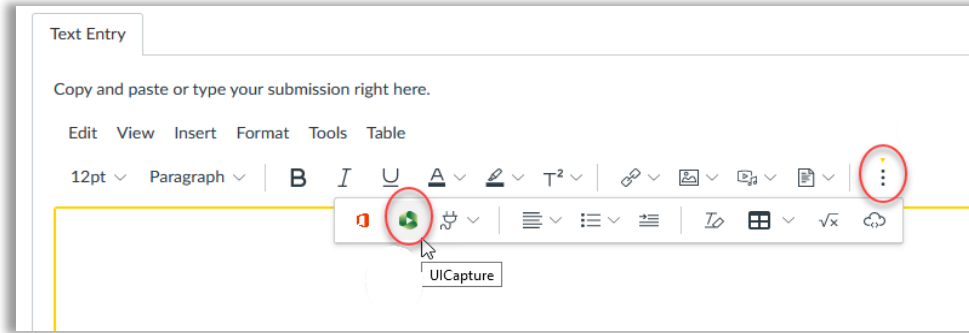

- To record, launch the Zoom meeting from the Zoom app/web, then click on Record and select “**Record to the Cloud**”.
- After the meeting has ended, the recording will be processed and saved to your UICapture account. You will receive **email notification** when the video is ready in UICapture.
- Login to UICapture to view the recording. Rename the recording in [Settings](#) with course/assignment info as needed.

Tip: You can download a copy of the video in MP4 format for your record.

# Access UICapture Videos in ICON

- To submit, go to the assignment's submission screen, then click on the “**Options**” (3-dot) menu and select UICapture.
- On the UICapture pop-up window, select the “**Choose**” tab.
- Click on the (left) folder search bar, navigate to **My Folder->Meeting Recordings** to view folder content. Select the desired recording from the list, then click “**Insert**” on the bottom.
